# RE-HOMING PACKET

Enclosed is a packet of information to help you re-home your pet(s). You should find the following:

### **Information About Re-Homing**

Providing alternatives to surrendering your pet to a shelter is the goal of this packet. These include re-homing your pet from your home and obtaining behavior assistance from our trained staff, among other alternatives. If after exhausting these options you still need to find another home for your pet, this packet contains information to help you.

### **Re-Homing Service Information and Poster**

Our re-homing service offers tools for you to find a responsible and loving family for your pet without causing him or her the stress of entering the shelter system. The service is designed to help people whose pets are already spayed or neutered. Having your pet altered makes it easier to find him or her a new home and improves his or her chance of forming a lasting and successful relationship with the new owner.

### **Screening Guidance**

Our Adoption Questionnaire is included to show you how to evaluate potential adopters and give you guidance on the types of things to look for when finding your pet a new home on your own.

### **Admissions Information**

Once you have exhausted all the resources available through our re-homing service, you can call to make an appointment to surrender your pet. The procedures for appointments and the waiting list are explained later in this document on the Admissions Information page.

# RE-HOMING PACKET

## Information About Re-Homing

**Sonoma Humane Society seeks to provide alternatives to pet relinquishment.** Sonoma Humane Society and other shelters in the area take in many animals every day. Animal shelters are a tremendously stressful environment for animals. They are exposed to illnesses they wouldn't be exposed to otherwise and the stress of being in a shelter can create or exacerbate behavioral issues. If you plan to turn your own animal in at a shelter, please reconsider.

### Resources available to assist you with keeping your family pet out of a shelter:

#### Re-Homing

Ask around to see if you know anyone (friends, family, co-workers, etc.) who is looking for a new pet. Take advantage of free resources such as the Adoptions By Owner section of our website (<http://sonomahumane.org/adopt/adoptions-owner/>). It is better for your pet if you are able to re-home him or her yourself. The shelter can be a very stressful environment.

#### Pet Behavior Help

For help with behavior issues and concerns, call (707) 542-0882 ext. 233 or email [behaviorandtraining@sonomahumane.org](mailto:behaviorandtraining@sonomahumane.org). Trained staff will contact you within 2 business days.

#### Pet Manners Classes

Ask how to sign up for a class specifically designed to help great pets who have minor challenges. Visit [www.sonomahumane.org/behavior-training](http://www.sonomahumane.org/behavior-training) for a listing of classes offered by our Behavior and Training Department.

#### Full-Serve Veterinary Care

Sonoma Humane Society's Public Vet Hospital provides full-service veterinary care. We also have a spay/neuter clinic for low-income members of our community. For information please visit <http://shsvh.vetstreet.com/>

#### Foster Care

If you are surrendering a sick animal or a mom and her litter, are you willing to keep the pet until he or she is well or the litter until it is old enough to be spayed or neutered? Join our Foster program. We provide all the food, medications and vaccinations. When they are ready to be spayed or neutered, we'll provide the surgery and place them in our adoption program.

#### Trap-Neuter-Return for Feral Cats

If you have feral (unsocialized) cats in your neighborhood, visit Forgotten Felines online at [www.forgottenfeline.com/v4/feral](http://www.forgottenfeline.com/v4/feral) for information about trap-neuter-return. Forgotten Felines can answer all your questions about TNR and spay/neuter and will provide you with additional information and literature regarding trapping, caretaking, and the protocols for using their services. Call (707) 576-7999 or email [ffscjk@sonic.net](mailto:ffscjk@sonic.net)

# RE-HOMING PACKET

## Sonoma Humane Society Re-Homing Service

Consider finding your dog or cat another home instead of surrendering him or her to a shelter because it will be less stressful for your animal, allows you to play a part in uniting him with a new family, and makes additional space available for animals whose lives are immediately at risk in surrounding municipal shelters.

### **Before you start looking for a new home for your pet, consider the following:**

Get help with behavior problems such as chewing, housebreaking challenges, excessive energy, etc. Go to [www.sonomahumane.org/behavior-training](http://www.sonomahumane.org/behavior-training) or call (707) 542-0882 ext. 233 and our trained staff will give you the information or referrals you need to resolve the issue. By working to solve behavior problems before you find your pet a new home, you'll ensure a good, lasting home for your pet.

You do not have to give up your pet just because you're moving. Moving is stressful even in the best of circumstances, so give yourself extra time to find a residence where pets are permitted. When talking to landlords, be honest and offer to introduce your pet(s) to the landlord. Many property owners will allow well-behaved pets, particularly if the owner behaves responsibly. Providing your pet's veterinary records, graduation certificate(s) from obedience classes and references from past landlords can help to show a prospective landlord you are a responsible pet owner.

### **Sonoma Humane Society can help you find the right home through our re-homing service**

First, be sure your pet is spayed or neutered and is up-to-date on all of his or her vaccinations. This will make it easier for you to find a new home for your pet and is a requirement for posting. Next, follow these guidelines. Be thorough and patient – finding the right home takes time, but it's worth it for your sake and the sake of your pet.

- **Take several color photos of your pet.** Show off your pet's cutest and most endearing qualities.
- **Write a story about your pet.** Include the reason your pet needs a new home, the kind of home he or she needs and would do well in, and some "human interest" information – for example, your pet's funniest behaviors, his/her favorite things to do, or the thing you love most about your pet. Many people write the story from the animal's perspective, for example, "Hi, my name is Midnight..."
- **Rehome your pet on our website.** Submit a photo and a brief story of your pet at [www.sonomahumane.org/adoptions-owners](http://www.sonomahumane.org/adoptions-owners). Don't forget to include your contact information. Remember, not everyone has email. Interested persons will contact you directly to learn more about your animal. Pets will remain on the website for at least 90 days. You will be responsible for contacting us at (707) 542-0882 once your pet has been adopted. All pets must be spayed or neutered to be posted on the website.

sonoma  
HUMANE  
SOCIETY

# RE-HOMING PACKET

- **Email out to friends, family or co-workers.** Placing your pet with someone you know will ease the transition for you, the new owner and your pet. Give your photos, story and email to everyone you know asking for their help. Advertise through your workplace email or your community bulletin board. Facebook, Instagram, NextDoor and other social media platforms are great ways to spread the word.
- **Make a re-homing poster.** Use the Sonoma Humane Society re-homing template included in this packet as a guideline. Make several photocopies of the poster and then attach an original photo to each poster. Place the re-homing posters in veterinary offices and pet supply stores near and far, where people who take good care of their animals visit often.
- **Charge a fee.** Most people who want a pet for the right reasons are happy to pay a modest adoption fee.
- **Advertise.** Place an ad in your local newspaper, listing the most important characteristics about your pet and the kind of home your pet needs. Advertisements with photos get more attention.
- **Call animal rescue groups.** Rescues often have fewer animals and can often place animals in foster homes while they search for a new home. You will find a list of rescues at the end of this packet.

# RE-HOMING PACKET

## Helpful hints on evaluating potential adopters:

- **Interview potential adopters carefully.** Use the adoption application we have provided as a guide. Go over this document with each applicant to see if the applicant's lifestyle is compatible with your pet. Does your pet fight with cats? Is your pet high or low energy? Make sure he/she fits into the lifestyle of the applicant's family, and your pet is what they're really looking for.
- **Along with the adoption application, you might consider the following in order to ascertain additional information (please note that with respect to some of these items, an open and honest discussion will provide you with the information you need to make an informed decision regarding your pet's placement):**
  - Verify the name and address with a driver's license.
  - Call the person's landlord and make sure he/she has permission to have a pet.
  - Ask to see the person's veterinary records on all his/her current or past pets to see if he/she takes good care of animals.
  - Get references (friends, neighbors), and call to see if they can vouch for the person's ability to care for animals.
- **Take the time to consider applicants.** Don't allow yourself to be pressured into making a decision that you do not feel right about. Your judgment is your best guide.
- **Follow up.** Call to see how your pet is doing in his/her new home. A responsible owner will welcome your concern for the animal.

### YOUR IDEAL DOG

16. Which of the following best describes your reasons for wanting this dog? (Check all that apply)

- Companion     Guard dog     Hunting     Obedience training     Search & rescue  
 Agility     Jogging/walking buddy     Friend for current dog     Couch warmer

Other: \_\_\_\_\_

17. I like dogs that are:     Small     Medium     Large     Any size

18. Please describe the temperament and activity level you are looking for in a dog. (Check all that apply):

- High energy     Outdoorsy dog     Lap dog     Mellow     Affectionate     Quiet     Guard dog

19. I prefer a dog that... (Check all that apply):

- Loves children and strangers     Can tolerate children and strangers     Loves all other animals  
 Can tolerate all other animals     Don't care if he/she gets along well with other animals

20. I would prefer a dog that:

- Would enjoy walking with me on leash     Would enjoy going to the dog park     Would run, jog or hike with me  
 Would exercise him/herself in our yard     Requires only enough exercise to do his/her business

21. When it comes to relating to dogs, I tend to be more:

- Strict, demanding (the dog must sit for a cookie)     Moderate (encourage good behavior, ignoring bad)  
 Lenient (the dog looks cute so he/she gets the cookie without performing the sit)

22. Dog habits I can't tolerate are: \_\_\_\_\_

\_\_\_\_\_

23. What would you do if you could no longer keep this pet? \_\_\_\_\_

\_\_\_\_\_

**I certify that the above information is true and correct to the best of my knowledge. I also acknowledge falsification of the above can result in my being denied adoption of an animal or, if an animal has been adopted to me, the return of that animal to Sonoma Humane Society. We reserve the right to not complete an adoption for any reason.**

# RE-HOMING PACKET

## **You've Tried Everything, But Still Have Not Found A Home:**

You have a number of choices (many of which are discussed in this packet), the last of which should be surrendering your pet to a shelter. If you have exhausted all alternatives to relinquishment (including trying to work through challenges, or trying to find a new home for your pet yourself with friends, neighbors, family or co-workers), here is how our admissions process works.

## **What You Should Expect:**

Please understand that as a no-kill shelter, Sonoma Humane Society cannot accept every animal brought to our shelter immediately. We treat every animal's life as precious and will not resort to euthanasia to control the number of pets at our facility. Therefore, we will accept the surrender of owned cats and dogs by appointment only as space allows. We do charge a modest surrender fee for dogs and cats which will be applied to the costs we will incur providing care to the pet.

## **How The Process Works:**

Each day Sonoma Humane Society staff assesses the amount of space available in the shelter as animals find homes through our Adoption Center. Based on the number of adoptions and available cages and kennels, a staff member will call you to schedule an evaluation appointment. You will need to obtain surrender forms ahead of time. We can email those to you or you can pick them up in person.

Senior pets will need to have blood work done ahead of time. The fee is \$50 if the blood test has to be done here. Please arrange for the blood work prior to your surrender appointment.

If an Adoption Staff member leaves a message, we must hear back from you within 48 hours to confirm that you still need our services. Leaving a voicemail is considered confirmation. If we are unable to contact you or you do not return our message within 48 hours of our initial call, we will leave your name on our waiting list, but will contact the next person to bring in their pet for the available space. The goal of this process is to have available spaces filled as quickly as possible, keeping spaces from standing empty and maximizing our lifesaving capacity.

sonoma  
HUMANE  
SOCIETY

# RE-HOMING PACKET

## What To Bring With You:

- All veterinary records
- Your pet's medications (if any)
- Completed surrender paperwork. Please obtain and complete surrender forms ahead of time to make the appointment process easier.
- Please understand that any of your pet's belongings from home such as blankets, toys and food, may be donated, but may not follow your pet through the adoption process.

For everyone's safety, all dogs must be leashed and all cats and other animals must be in a carrier.

## What To Do When You Arrive:

- A staff member will evaluate the behavior of your pet.
- Once your pet has been evaluated and Sonoma Humane Society decides to take your pet into its care, your surrender fee will be collected. The surrender fee is usually \$40 per animal (exceptions may apply for litters of infant animals). Accepted forms of payment are cash or credit/debit card.
- An appointment for evaluation does not guarantee that Sonoma Humane Society will be in a position to take your pet into its care.

## What To Do If You Need To Surrender Your Pet Today:

Sonoma Humane Society urges you not to surrender your pet to a shelter. A shelter should always be your very last resort. If you are unwilling to wait for an appointment at our shelter, you may contact the local animal control agency in your jurisdiction to inquire about their surrender process. You may also want to ask questions related to their adoption and euthanasia practices for owned animals.
