

Sonoma Humane Society's Pet Food Pantry

The pet food pantry helps owners and their pets by supplying basic necessities to help keep pets in their homes and out of the shelter. Owners needing help with food, litter, flea treatment, bowls, leashes, and collars may come in to the shelter during normal hours of operation (daily from 12-6pm) and receive what they need. The pet food pantry relies on donations from the community, so not everything is readily available.
